ULTIMATE 5®

THE ULTIMATE IN
Realism, Beauty & Elegance

100% Custom Made in the USA | eiklorflames.com | 888.295.5647

beautiful
ULTRA-DETAILED
gas logs

Our logs are carefully molded from fallen branches and twigs, then hand painted and oven dried. Each log is viewable from multiple angles which means that log stacks can vary from fireplace to fireplace. This feature gives you the choice of displaying the bark or split side of the front log and the option to adjust twigs for customization of flame pattern.

Our logs are unmatched in appearance, both lit and unlit.

For more log styles, please visit eiklorflames.com.

EXPERIENCE THE **ULTIMATE** IN GAS LOG SYSTEMS

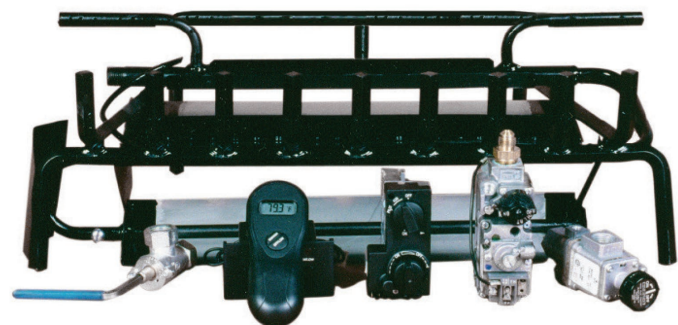

From extraordinary beauty and realism to the latest technology, EIKLOR FLAMES® leads the way.

As a leader in the gas logs industry we specialize in manufacturing gas burner systems and gas logs sold together with a lifetime warranty. Our systems are for natural gas and liquid propane fully-vented residential and commercial fireplaces. They are for indoor or outdoor use and are CSA safety tested and approved. EIKLOR FLAMES® gas log systems are sized 18"-36". Custom sizes are available.

Our artistically created, ultra-detailed gas logs are made of high-heat 2600° refractory ceramic and are heated by our patented burner systems with unique stainless steel components and heavy-duty iron grates to give you an extraordinarily beautiful, toasty warm fire! The heat from your EIKLOR FLAMES® gas logs system will be great and the flame control is infinite, from a small cozy fire to a roaring blaze. Our products are superior in every way!

SIZE CHART *Front-View Fireplace Dimensions (Call for Custom)*

ULTIMATE 5®	(A) FP FRONT WIDTH	(B) FP BACK WIDTH	(C) FP DEPTH*	(D) FP HEIGHT	BTU RATING NG	BTU RATING LP
18"	30"	18"+	14"+	16"+	57,000	40,000
21"	33"	21"+	14"+	16"+	65,000	45,000
24"	36"	24"+	14"+	16"+	75,000	67,000
30"	42"	30"+	17"+	16"+	85,000	79,000
36"	48"	36"+	18"+	16"+	90,000	84,000

* Depth should be measured by dropping a plumb bob from behind the lintel straight down to the floor. Measure from that point to the back wall. Burner must be under the flue to prevent spilling.

Must be installed in a 'Class A Metal or Masonry' fully-vented solid-fuel fireplace constructed of noncombustible materials with proper throat of flue & open style cap or no cap. Not responsible for chimney spilling.

All EIKLOR FLAMES® gas log systems must be installed by a licensed plumber, licensed gas fitter, or in some localities a qualified service technician, in accordance with all local, state and federal codes.

CUSTOMER SERVICE

EIKLOR FLAMES® is committed to customer service and exceeding customer expectations. We are available Monday-Friday 9AM - 4PM EST toll-free at 888.295.5647 to provide technical assistance and answer any questions you may have regarding our products.

LIFETIME WARRANTY

Our 30+ years of success is the result of exceeding customer expectations and as we look ahead, this principle remains at the core of our culture. Our continued strong performance is achieved by our manufacturing excellence.

You have a LIFETIME WARRANTY with our products, our continuing commitment to our customers.

If you should accidentally break a log, or any issue you may have with your Ultimate 5® gas log system, please call your authorized representative. If your representative is unavailable, call us directly at 888.295.5647 and we will promptly answer your call.

1. Your Ultimate 5® burner system has a lifetime warranty against any performance defects.
2. Your logs have a lifetime warranty against breakage; except breakage due to mishandling or negligence.
3. If your Ultimate 5® gas log system was purchased with a gas control valve installed at EIKLOR FLAMES®, the gas control valve has a one-year warranty against any performance defects (excludes Battery IPI). If your Ultimate 5® gas log system was purchased with a gas control valve not installed at EIKLOR FLAMES®, the gas control valve has no warranty.
4. All painted surfaces that get wet due to rain, flooding, household pets, wild animals or birds; or that get damaged due to negligence or disaster have no warranty.
5. Vermiculite, embers and lava rock that get wet due to rain, flooding, household pets, wild animals or birds; or get damaged due to negligence or disaster, have no warranty.
